Evyline lives with her parents and 1 brother. Her parents struggle to provide for the family.

Evyline and her family live in a community severely affected by the HIV/AIDS crisis. In some communities, AIDS affects the entire social structure as a generation of hardworking adults is being wiped out. Frightened children and exhausted grandparents rarely have money for food, school, or medical care. Through sponsorship, you can ensure access to these and other basic needs for Evyline and her family.

Evyline is in primary school and she enjoys arithmetic. She helps at home by washing dishes. She likes to play netball, a game similar to basketball. She is in good health.

Your sponsorship commitment will help provide Evyline and her community with the assistance they need to save a generation from the HIV/AIDS crisis. World Vision will faithfully use your sponsorship support of Evyline to meet her needs and minimize the impact of AIDS in her community through tangible prevention and care programs. You are an answer to prayer, helping children and families gain access to basic needs and learn about God's unconditional love.
